International exchange programmes at the AUAS Faculty of Sports & Nutrition	
Minor system	<p>Exchange students can follow a so-called 'minor' at the AUAS Faculty of Sports & Nutrition. These are 30 ECTS, semester long programmes with fixed and intertwined courses. We expect students to follow and fully participate in the entire 30 ECTS programme.</p> <p>Most of our minors are interdisciplinary and open to students from various study backgrounds. The requirements per programme can be found on our website, see the links below.</p>
Creating Food Concepts	<p>The interdisciplinary minor focuses on the creation of sustainable and innovative food concepts. It combines knowledge of food cultures, product design, consumer and sensory research, functional food science and food quality with social and economic science.</p> <ul style="list-style-type: none"> • Runs in the Fall & Spring semester • Belongs to BA Nutrition & Dietetics • More information: website
Health Promotion – Personal Trainer	<p>In this minor students will be trained to give expert advice as a fitness guide and as a personal trainer. The minor will lead up to a certified personal trainer certificate of the National Strength and Conditioning Association of America (NSCA). This minor consists of a 15 ECTS internship and courses worth 15 ECTS.</p> <ul style="list-style-type: none"> • Runs in the Fall & Spring semester • Belongs to BA Nutrition & Dietetics • More information: website and FAQ
Sport Development	<p>This minor looks at the world of Sport Development on a continuum of:</p> <ul style="list-style-type: none"> ➤ sport for development: addressing social challenges through sport in a national and international context, and ➤ development of sport: getting more people to play sport in a national and international context. <ul style="list-style-type: none"> • Runs in the Fall semester. • Belongs to BA International Sport Management & Business. • More information: website
High Performance Sport	<p>This minor focuses on the management aspects within the world of High Performance Sport. Students will learn how (inter)national high performance sport federations and commercial organizations are run, governed and managed.</p> <ul style="list-style-type: none"> • Runs in the Fall semester • Belongs to BA International Sport Management & Business. • More information: website
Sport Commerce	<p>Sport Commerce focuses on the dynamic industry of global sporting goods. You will learn about retail, management theory, digital marketing, taking brands global and merchandising. Plus you'll visit and work with international brands.</p> <ul style="list-style-type: none"> • Runs in the Fall semester • Belongs to BA International Sport Management & Business. • More information: website
Future of E-sports	<p>The minor Future of E-sports focuses on the dynamic and rapidly growing esports industry. During this minor, you will not only learn about conceptual frameworks of the esports world, but you will also start working on actual esports projects</p> <ul style="list-style-type: none"> • Runs in the Fall and Spring semester • Belongs to BA International Sport Management & Business • More information: website <p><i>Please note: In the fall semester of 23/24 this minor is not available</i></p>
