

3rd International Conference of Nutritional Sciences and Dietetics (ICONSD2026)

The **3rd International Conference of Nutritional Sciences and Dietetics (ICONSD2026)** will be held between **November 20-22, 2026**, in the vibrant city of Thessaloniki, at A.U.Th. KEDEA. The conference continues the legacy of the successful ICONSD2024 conference and is co-organised by the Department of Nutritional Sciences and Dietetics of the International Hellenic University and the Hellenic Dietitians-Nutritionists Association.

Topics & Themes

This year's theme, "Nutrition, Lifestyle & Innovation", focuses on the intersection of scientific research, lifestyle choices, and the latest technological developments in our field.

ICONSD2026 aspires to become, once again, an international platform where the latest developments and challenges in the field of Nutritional Sciences & Dietetics are presented and discussed, contributing to their updating and dissemination among researchers, educators, students, and professionals. The official languages of the conference are English and Greek.

Abstract Submission & Activities

- The 1st round of abstract submissions is already open and will run **until September 15, 2026**.
- The conference program will feature **Workshops**, the **1st ICONSD Student Research Forum**, as well as **a competition** for the best oral and poster presentation with a monetary award.

For more information, **visit the conference website at <https://iconsd.eu>**.
